Experience (Highlights):

The 2nd Gymnasium of Nafpaktos is participating in the ongoing Erasmus+ project "Multicultural in the Past and Today," alongside schools from Poland (coordinator) and Italy.

The project runs from October 2024 to February 2025 and aims to internationalize school activities, strengthen partnerships, enhance language skills, and promote intercultural exchanges.

Two of the three planned meetings have already taken place: in Poland, with workshops on history, traditions, and multiculturalism, and in Greece, where students explored ancient Greek culture and its influence on Europe. The final meeting is scheduled in Palermo, Italy in November 2024.
